

Claire Lowe

Rehabilitation Case Manager & Registered General Nurse

Injury Expertise:

Psychological Trauma
Complex Injuries
Vocational Rehabilitation

Profile:

- Claire is a Registered General Nurse and has worked in the insurance industry since 2006.
- Claire has excellent interpersonal and communication skills, which allow her to develop a supportive rapport with patients during their rehabilitation.
- She works closely with other members of the Medicess Multidisciplinary team to ensure her patients receive appropriate support, taking into consideration their needs from a biopsychosocial perspective.
- Claire is highly experienced in rehabilitation with patients who have multiple trauma and spinal cord injuries.
- Claire's goal is to ensure patients return to full health where possible by delivering clinical accurate rehabilitation recommendations.

Background:

- Claire has experience of working in a variety of settings, including primary care, social services, independent Case Management, and Nursing Home settings.
- Claire has gained professional skills in nursing, management, teaching and risk management.
- Claire has a special interest in vocational rehabilitation, facilitating a return to work either in the patient's pre-injury role or an alternative role.

Qualifications & Memberships:

- Registered General Nurse (RGN).
- District Nursing Certificate (DN Cert).
- Certificate in Education (Cert. Ed.).
- Certificate in Management of Back Care.
- Registered with The Nursing and Midwifery Council (NMC).
- Case Manager Member of the BABICM.
